

Yachtmaster® Fast Track Modules

If you would like to become a professional Yachtmaster and have done no sailing, a little or quite a bit – this is the course for you. Using a modular approach you can do one module at a time or all of them together – slotting in at the appropriate level for you.

Our modules are split into 3 modules to get your Yachtmaster MCA (Maritime and Coastguard Agency), and a three week module to gain your commercial endorsement:

- Module 1: Competent Crew to Day Skipper (Tidal) (4 weeks)
- Module 2: Day Skipper (Tidal) to Coastal Skipper (Tidal) (4 weeks)
- Module 3: Coastal Skipper (Tidal) to Yachtmaster MCA (5 weeks)
- Module 4: Convert your Yachtmaster into Cruising Instructor so you can teach (3 weeks)

If you join us for Modules 1 through 3 you will gain the 2500 miles required for your YM exam, together with the 5 qualifying passages. We also include your VHF, First Aid and a Diesel Engine course as well as your Powerboat Level 2.

Accommodation throughout the course is also included.

The cost of module 4 includes the Sea Survival course. We run these courses on demand, and may be able to offer you a contract to work for us at the end should this interest you.

During your time with us you will gain experience of both our Classic (Bavaria 36 and Dufour 35), and our Club Class (Hanse 400e, Prima 38 and Sun Odyssey 39i and 45DS) – giving you experience of different types of boats. We also often use a Nauticat 521 for milebuilding.

Included in your modules is:

- Transfers from Tenerife South airport – no additional costs or waiting for a taxi;
- Because of our location you have the advantage that you normally arrive in our marina within 20 minutes of collecting your bags;
- Accommodation throughout the modules is included;
- All our clients get their own cabin – no need to share;
- Freshly laundered sheets, duvets and towels – no sleeping bags with liners or any need to bring your own;
- 6 days of tuition per week from an experienced Instructor – we do not use instructors who have just qualified;
- Theory tuition in our purpose built air conditioned classroom a couple of minutes walk from the marina;
- All the charts and handouts for your theory course, as well as the loan of a plotter and dividers;
- Sailing courses on our range of yachts – all with different rigs;
- Light weight waterproofs – just in case;
- Food and drink on board – including a gin and tonic or a beer after a days sailing, breakfast and lunch every day as well as 2 evening meals per week (more when milebuilding);
- All mooring fees, diesel and gas – no hidden extras;
- The chance to explore the beautiful and unspoilt areas of Tenerife, La Gomera, La Palma and Gran Canaria - as well as islands further afield.

We do not include: flights, travel insurance or evening meals ashore, but are happy to offer you ideas and recommendations. Contact us for more details at info@clubsail.com
